

## PETS

The Markland is a paradise not only for you but for your family dog that wags its tail with glee on the thought of a vacation. We welcome your furry friend but ask that you request one of our designated dog friendly rooms when making your reservations. These rooms are available in the single and double cottage units. Simply add \$45 per dog. Only 2 dogs permitted per reservation. No cats allowed.

Dogs must be leashed when in the lobby, on the grounds and on the beach. Dogs must not be left unattended for an extended period (anything longer than 2 hours) so as not to disturb other guests with barking. Guests are required to sign a *dog waiver/agreement* and are liable for any damages and repairs other than normal wear and tear. Any noise complaints that result in refunds to other guests will be charged to dog guest's room.
